1. Setting up – Family Sharing

This is the first step in setting up your child's iPad.

Family Sharing is the best way you can set up your child's iPad. Only pay for Apps once and share them amongst 6 family members!

Support: Apple (133 622) can assist you over the phone or you can arrange a time to go into your closest Apple store, if you have any difficulties setting up Family Sharing. NOTE: You, as the adult, must have an Apple ID. If you don't, go to <u>https://support.apple.com/apple-id</u> > *Create Your Apple ID* and follow the prompts.
