Setting up Your iPad

Directions may vary according to the iPad model.

1. Update software to iOS11.

Settings > General > Software Update

2. Set passcode to 1111

Settings > General > Touch ID & Passcode > Set Passcode > Passcode Options > 4-Digit Numeric Code

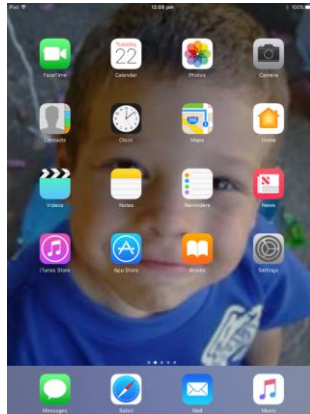

3. Take a close up picture of your child and set the picture to the Home Screen.

Settings > Wallpaper > Choose a New Wallpaper > Camera Roll > Set Both (Sleep and Home Screen)

4. Move Settings, Safari, Mail and Camera to the Dock.

Hold down icons until they shake > drag to the Dock

5. Leave the iOS11 icons on the first Home Screen together.

6. Downloads apps and make the school folders. Organise the folders onto the second Home Screen.

Hold down icons until they shake > drag icon on top of another icon in same folder > rename folder

7. Place all other apps on the third Home Screen in a folder labelled 'Home' (these apps will not be accessed at any time at school).

8. Go to the Notification Centre and control which alerts (and accompanying sounds) that you wish to receive.

Settings > Notifications Centre > Include ...

An Education Queensland e-mail account and a Wi-Fi profile will be set up early in the school year.
